

## **Ibogaine Treatment for Drug Dependence: A Study of Quality of Life**

### **Biography of Presenter:**

**Tom Kingsley Brown, Ph.D.**, graduated magna cum laude with a B.S. in Chemistry from the University of Pittsburgh. He received his M.S. in Chemistry from CalTech with research on the neurochemistry of learning and memory. While earning his doctorate from UCSD in Anthropology with an emphasis on psycho- logical anthropology, he studied altered states of consciousness and religious conversion. He has taught anthropology courses on religion, the environmental crisis, and mental illness and deviance. He currently lives with his partner and their two sons in San Diego. He runs a research program at UCSD and is studying the lives and experiences of patients undergoing ibogaine treatment at the Pangea Biomedics clinic in Baja California.

Date of original release: April 18, 2010 Termination date (date after which enduring material is no longer certified for credit): April 17, 2012
